- Packaging type: D-box
- Packaging dimensions (W x H x D): 250 x 228 x 138 mm
- Product dimensions (W x H x D): 193 x 33 x 170 mm
- Product weight: 0.85 kg

Product highlights

Play DVD/DivX® & MPEG4
With DivX® support, you are able to enjoy DivX® encoded videos in the comfort of your living room. The DivX® media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX® CDs can be played back on selected DVD players, DVD Recorders and Home Theater Systems.

Zero Bright Dot™ screen
Enjoy highest-quality images that are free from annoying blank spots on the LCD screen. LCD displays commonly have imperfections, termed as 'bright dots' by the LCD industry. A limited number of bright dots were once considered an inevitable side effect of LCD mass production. With Philips' strict quality control procedures used in our Portable DVD Players, our LCD displays are produced with zero tolerance for bright dots. Select Portable DVD Players come with Philips Zero Bright Dot™ Policy to guarantee optimal screen quality.

Smart Car Mount
To enjoy entertainment on the go, why not bring your portable DVD player from home on the road with you? A unique Car Mount system ensures safety and ease-of-use, with a quick-release arm that facilitates easy removal of the player when not in use. You can bring the portable DVD player with you, leaving just the Mount behind in the car.

USB connection for photo/music
Simply plug in your portable device to the USB connector on your Philips portable DVD player and playback directly from USB or to select your digital music or photos. Now you can share your favorite moments with family and friends.
